DEMOCRATIC TICKET.

For Circuit Judge.
HON. CHARLES A. HARDIN,
of Mercer County

For a while it looked as if the democratic nomination for Representative from Garrard county would go to a beggar. But something seems to have suddenly awakened the ambitions of a number of gentlemen in that good county. Thursday's Record contained the announcement of J. A. Doty and John M. Farra both of whom want to represent Garrard in the next General Assembly and it also had references to the probable candidacy of Judge M. D. Hughes and J. O. Bogie. Any of these would make a fit candidate and a capable Representative. All of these are farmers except Judge Hughes. Mr. Bogie has served one term in the Legislature and Mr. Doty was county clerk for eight years. Neither of the other gentlemen has ever held office, though for years both have been strong and influential men in democratic ranks. In Boyle county the Legislative contest waxed warm. Francis Douglas is using printer's ink lavishly and in lengthy cards in the Advocate and Messenger outlines his platform, the chief planks of which

are religion, education and good roads. All of us need more religion, most of us would profit by a little more "learnin'" and God knows we need better roads here. If we expect to get to a good "hereafter," Douglas platform should prove a vote-getter.

Steps will undoubtedly be taken at the next meeting of the Kentucky Press Association looking to the expulsion from membership in that ancient, honorable and upright organization of Messrs. John G. Pulliam and D. M. Hutton, publishers of the Harrodsburg Herald. In their last issue they announced that "Messrs. Pulliam & Hutton have offered the Fiscal Court \$3,000 cash for the old clerk's office building as she stands." The entire flock of rural roosters will undoubtedly agree with us that any news paper or its proprietors with three thousand cold simoleons in cash lying loose in the till can be fit only for treasons, stratagems and spoils and unworthy of associating with the purists of the press. They are undoubtedly malefactors of great wealth, obtained through gross graft of some dark nature, unknown to deponent.

There's a local option election on in Trigg county and in each issue of the Cadiz Record the "drys" have a column of argument why liquor should be kept out while another column is taken by the "wets" advancing their side of the issue. Both are very properly paying advertising rates and each is getting a square deal. When Editor Lawrence desires to express his views on the question he does it in his editorial columns.

If Harve can put this through we may be able to forgive him for not granting our request to vote for our native city of San Francisco for the Panama Exposition. A dispatch from Washington says: Representative Harver Helm has come forward with interesting suggestions. He proposes that as soon as the primary is over a Democratic "harmony dinner" shall be held in Kentucky when all leaders will meet around festal board with Ben Johnson, toast master.

The date of the democratic state primary has been postponed from May 27 to July 1 so as to allow all who may desire to become candidates ample time to make their campaigns. McCrory already has the nomination for governor in his vest pocket. Now let's select a ticket of high class men to go with him.

Her feet were rotten; the frogs came out; she laid down most of the time. I thought she would die, but I used the Liniment as directed and she never lies down in the daytime now."

Mr. John W. Waddle and Mr. Meese, both of Somerset, have just returned from there to make investigation of this land and both were so well pleased that they bought land while there.
